29 ARE GRADUATED

SEVENTEEN GIRLS AND TWELVE BOYS FINISH HIGH SCHOOL.

IS THE LARGEST CLASS

Address is Delivered by the Rev. E. Combie Smith of Kansas City.

The largest class in the history of the Maryville high school was graduated last night, when the twenty-eighth annual commencement exercises were held in the First Methodist church. There were twenty-nine members in the class, seventeen girls and twelve boys. The Rev. E. Combie Smith, D. D., pastor of the Linwood Boulevard Methodist church of Kansas City, delivered the class address, after which Prof. C. A. Hawkins presented the members of the class with their diplomas.

The Rev. Mr. Smith made an excellent address. He announced no subject, but he gave the members of the class good advice as to what they had a right to expect from the world and what their part in society should be.

Get a University Education.

First he said that he hoped they would not be lured by the world's industry; by all means they should go on with their schooling and receive the benefits of a higher education. Then they will have a right to look to the world's greatest masters of the fine arts, science, and learned professions as examples of what they may become and to set an equally high goal for themselves. For, he continued, the world's movements have been put into motion by single individuals rather than organizations of persons.

"The greatest factor in the world is the personal factor," said Mr. Smith.

He then went on to say that because we saw these great men fail in something we must not take a pessimistic attitude. Their failures are gradually due to some mistake made through selfishness or greed, and we must take care not to do the same. If we cannot become one of the leaders our lives are none the less valuable.

The Average Man is Indispensable.

"Some men must lead the world's armies, but the victories are won by the common soldiers."

"I am trying to magnify mediocrity," the speaker said. "I am trying to emphasize the fact that any task, however small and humble, is a sublime task and worthy of the angels."

Mr. Smith then spoke of the two kinds of perfection which it is possible to attain; the perfection that is of itself an isolated perfection that does not help society, and the perfection of the individual as a part of society, a perfection that is not complete unless the individual takes his part in society. He closed the address by saying that the United States offered the best field for a life work that could be found in the world.

The auditorium of the church was filled when the seniors, in their gray caps and gowns, marched to their seats. The rostrum was decorated with ferns and red roses, a rose motto reading "Class of 1914" extending across the front of the platform. After the invocation by the Rev. Lewis M. Hale, Mrs. F. P. Robinson and the Rev. Gilbert S. Cox sang a solo. The Rev. S. D. Harkness closed the exercises with a benediction.

The members of the class are Edith Anderson, Anna Bartram, George M. Crowson, Roy David, Edna Deitz, Blanche Daise, Nina Evans, Meriem Holt, Francis Hahn, Jackson Holt, Clement Hahn, Anna Halasey, Juno Jones, Abner Johnson, Irene Kemp, Annetta Loranee, Janette Mutz, Ora LeGrande, Ruth Moore, Esther Roberts, Ora Quinn, Harold Ramsey, John Scowden, Lee Strickler, Paul Willson, Lola Wright, Marie Grundy, Edward Gorman and John H. Murray.

To Visit in Maryville.

Miss Mae French, who has been employed this spring at Bloomfield, Mo., will arrive in Maryville Sunday to visit her mother, Mrs. M. A. Martin. She will be accompanied by her nephew, Pierce Lippman, the young son of Mr. and Mrs. Edward Lippman of St. Louis.

Mrs. Lewis at Hospital.

John Lewis of Ravenwood came to Maryville Thursday evening, bringing Mrs. Lewis to the city for treatment. Mrs. Lewis underwent an operation Friday morning at St. Francis hospital.

Pres. Richardson Goes to Chillicothe.

President Ira Richardson will leave tonight for Chillicothe, Mo., to deliver the address at the commencement exercises of a rural school.

COMPANY F WINS.

Company F Won the Challenged Game With the All Stars Thursday in Seven Innings 3 to 2.

Company F won the fastest game of base ball that has been staged on the local diamond this season in seven innings. This was a challenged game between the company and the All Stars. The game was called at the end of the seventh inning on account of rain.

Ham of the Normal, who pitched for the All Stars, is credited with five strikeouts and passed three men to first on balls. Alley of the company is credited with eleven strikeouts and one free pass. The All Stars are credited with three hits and the company with four. Each team is credited with making three errors.

The All Stars started the first frame with two scores, and Palmer of the company knocked a two-base hit in the first inning and it looked for a time as if the company would score, but they were unable to make the rounds until the last part of the fourth inning, when Mayes landed the pill for three bases with Risser on first, scoring Risser. Still singled and Mayes scored. The company team made the winning score in the last of the sixth, when Palmer made a clean hit for one base and completed the circuit assisted by the overthrows on bases that followed by the All Stars.

The lineups were as follows:
All Stars—Miller, Jans, Dyer, H. Scott, L. Crowder, Ham, Padgett, Bird and Crowder.

Company F—Bowen, Howey, Palmer, Risser, Webb, Mayes, Still, Alley and McKenzie.

Score by innings:
R. H. E.
All Stars.....2 0 0 0 0 0—2 3 3
Company F.....0 0 0 2 0 1 0—3 4 3

JAMES B. DUNCAN DEAD.

Eldest Son of Prof. and Mrs. B. F. Duncan of This City Died Thursday Night.

James B. Duncan, the son of Prof. and Mrs. B. F. Duncan of this city, died at 8 o'clock Thursday night at his home in Kansas City.

Prof. and Mrs. Duncan left Friday morning for Kansas City to attend the funeral services, which will be held there. A brother of the deceased, John M. Duncan of Kansas City, and a sister, Mrs. Sylvester Dooley of Clarinda, were with their brother at the time of his death. Another sister, Mrs. Eva Wait of Tulsa, Okla., will arrive in Kansas City Friday noon.

Mr. Duncan had been very ill for some time, and his death was not unexpected. He contracted the malady which terminated fatally Thursday while engaged as counsel for a syndicate building the Buenos Aires & Pacific railway up the Laplata river. After a partial recovery from a severe attack of tropical fever and finding the climate of Argentina bad, Mr. Duncan returned to the States about the middle of August, since which time he had been under the care of physicians until his death.

Mr. Duncan was 45 years old. He was born at New Liberty, Ky., and came to this city with his parents when quite a boy. He graduated from the high school and from the Maryville seminary. Later he attended the state university at Columbia and graduated from the law department. He then went to Carrollton, Ky., near the place of his birth, and took up the practice of law, remaining there until his return to Missouri, a few years ago, since which time he practiced at Kansas City until he became connected with the South American enterprise.

While at Carrollton, Mr. Duncan was married to Miss Virginia Hamilton, a southern woman of high culture and manner, who survives him. Beside the widow, the parents, two sisters and one brother are the surviving family. The death of the eldest son makes a very sad break in the family circle. Mr. Duncan was a brilliant student, and coupled with the keen mind was a genial nature that made many friends for him. Among the crowd in which he grew to manhood in Maryville are many sincere friends who feel a deep sorrow at his death.

To Look After Wheat Fields.

John L. Loranee left Friday morning for Harwood, Vernon county, Mo., where he will remain until after harvest. Mr. Loranee owns a large acreage near Harwood that is entirely in wheat and the harvest will be unusually good this year.

Brotherhood Meeting Postponed.

The meeting of the Pickering Brotherhood arranged for Sunday has been indefinitely postponed. A splendid program had been prepared and it will be given at a later date.

Mr. and Mrs. Sam Lutz of Pickering were visitors in the city Thursday.

A 3-4 INCH RAIN

WEDNESDAY'S FALL IN MARYVILLE WAS THAT MUCH.

RECORD SINCE 1895

Comparison of Precipitation During Six Growing Months—Sixteen Years Below Normal.

Three-fourths of an inch of rain fell in Maryville yesterday, according to the measurements of J. R. Brink, United States weather observer.

Because of the many requests concerning the comparative rainfall of past years, Mr. Brink has compiled the following tables for the six growing months, March, April and May, June, July and August. The two tables give respectively the precipitation for the spring and summer months. The record was not begun until August, 1894, when .12 of an inch of rain fell, but beginning with the next year the record is:

BIG WHEAT CROPS

HESSIAN FLY DID NOT DAMAGE GRAIN SO MUCH AS FEARED.

FORTY BUSHEL YIELDS

Wells Brothers, Near Skidmore, Prepare to Harvest More Than 300 Acres.

The outlook for a wheat crop in Nodaway county is not so bad as was expected. Although the Hessian fly did great damage in some parts of the county and the wheat was reported to be in the worst condition of any in the state, the crop gives evidence of being a good one after all.

The present favorable condition is due to the prompt action which the farmers took to kill the pest. They went to the agricultural department of the Normal and sent for experts from the college of agriculture of the University of Missouri to give them advice as to how to rid themselves of the fly. By following the directions given they were able to prevent the rapid spread of the pest which was just beginning; the few light rains have helped some, and now the farmers are beginning to bring in reports of wheat that will make forty bushels to the acre.

The Wells brothers, who are farming 1,420 acres of land east of Skidmore, are making the most extensive plans for the wheat harvest of which any word has been received. They have more than 300 acres in wheat, which they think will average forty bushels to the acre. In order to harvest it they have purchased three new binders, and an expert will be sent from the factory to set them up and get the work started. He also will bring a motion picture man with him to photograph the binders at work in the fields.

Another field of wheat which will be harvested next week and which gives promise of a good crop is that on the farm of A. Collins, near Skidmore. The east part of this field was damaged by the hail storm last week, but the rest is in good condition. It is the beardless variety.

GIVES TREES FOR COURT YARD.

E. Kuster Offers Four Ornamental Spruces to Add to Decorations of the Square.

E. Kuster, who lives four miles east of Quitman, has offered four mountain spruce evergreens to the county for the purpose of decorating the court house yard. The trees are from a shipment he received some time ago from Pennsylvania and planted on his farm. They will not be ready to transplant until late in the fall, but at that time he will bring them to Maryville and plant them in the court yard.

Mr. Kuster brought a branch of the tree to The Democrat-Forum office, where it may be seen.

REORGANIZE S. S. BALL LEAGUE.

Meeting in Christian Church at 2:30 o'clock Sunday to Arrange Summer Schedule.

Representatives from each of the Maryville churches and Harmony church will meet in the Christian church at 2:30 o'clock Sunday afternoon to reorganize the Sunday school base ball league.

The complete rules of the league will be worked out at the meeting, but the following rule has already been decided upon, that each player in order to be eligible in any game must have attended Sunday school two of the three immediately preceding Sundays. If possible two games will be played each week at Riffe's ball park.

Mr. and Mrs. J. H. Aiken of Pickering spent the day Thursday visiting in Maryville.

BLUE GRASS CROP WORTH \$10,000.

Thirty-Four Machines Harvesting Seed Near Quitman—Expert Says It's Better Than Kentucky Output.

The annual harvesting of blue grass seed on the Bilby ranches and other farms near Quitman has begun. It is estimated that the crop this year will be worth \$10,000. Thirty-four machines are at work stripping the grass, and W. C. Daniel of Winchester, Ky., who is in charge of the work, says that better seed is being raised around Quitman than is grown in Kentucky, made famous for her blue grass.

HOPKINS MAN TO ROSWELL H. S.

Harry McIntyre Elected Principal at Salary of \$1,500—A Good School Record.

Harry McIntyre of Hopkins has just been elected to the principalship of the Roswell, N. M., high school at a salary of \$1,500 a year. Roswell is a city of 10,000 persons, and the high school is a large one, having an enrollment of 600.

Mr. McIntyre has been brought up in Hopkins and has made an excellent record all through his school career. In 1911 he was graduated from the University of Missouri with an A. B. degree. During the next two years he was principal of the Chillicothe high school. Last year he returned to the University of Missouri to study for his master's degree, which he took this June. He spent this last year in the university as a holder of a scholarship in mathematics, and he was a member of the Sigma Xi and Phi Delta Kappa, honorary fraternities in science and education, admission to which is made on the basis of scholarship.

CLARY WILL BUILD BRIDGE.

Nodaway County Highway Engineer Appointed by Three Courts to Engineer New \$3,000 Structure.

The county courts of Andrew, Holt and Nodaway counties met Thursday at the Nodaway river, five miles south of Graham, and decided to construct a bridge across that river. The bridge will be a steel structure 110 feet long, and will be constructed at a cost of \$3,000. The cost will be divided equally between the three counties.

John Clary, county highway engineer of Nodaway county, was appointed by the three counties to engineer the construction of the new bridge. It will be erected some time next fall.

The county court at its May term ordered the opening of a new road to the proposed site of the new bridge for a distance of a mile and a half. By opening this new road and constructing the bridge, persons who before have been compelled to drive a distance of from five to ten miles out of their way in order to find a crossing will be able to save much time and trouble in traveling from one county to the other.

Webster Grove Teacher Here.

Miss Sebee Rowley, a teacher in the public school of Webster Grove, Mo., arrived in Maryville Thursday night to visit her brother, Burt Rowley, and family and to attend the Normal during the summer. She was accompanied by her nephew, Forrest Rowley, who will spend the summer with his uncle, Sylvester Massie, north of the city.

Mrs. S. E. Johnson of St. Joseph came to Maryville Thursday to witness the graduation of her son, Abner Johnson, of the high school class.

ANNOUNCE HONORS

GEORGE CROWSON BEST STUDENT OF GRADUATING CLASS.

THE PLAY IS A SUCCESS

Roy David, Senior President, Presents Statue of Washington to the High School.

George Crowson, with an average grade of 96 per cent in class work, won the first honors in the graduating class of 1914 of the high school, and Miss Frances Hahn, with a grade a trifle less, won second place.

The class for this spring was the largest ever graduated from the school, and some very fine records were made in class work by many of the students.

Crowson, the winner of first is a son of Dr. and Mrs. E. L. Crowson of Pickering and entered the high school two years ago, after finishing the grades at Pickering.

Miss Hahn is a Maryville girl, the daughter of Mr. and Mrs. M. A. Hahn of North avenue, and has been a student in the school from the primary grade up.

The class play, "A Perplexing Situation," given Thursday afternoon, was praised very much by every one who attended. The roles were taken by members of the senior class, and the entire cast performed with a perfection of acting extremely creditable to students. The musical numbers were equally pleasing and well given. After the completion of the program Roy David, class president, presented to the high school a handsome statue of George Washington, a gift of the graduating class.

ANNA BORCHERS NOT LOST.

Girl Reported Missing in Kansas City, Kas., is Here at Her Old Home.

After a supposed mysterious disappearance which puzzled the police of Kansas City, Kan., Thursday, Anna Borchers, a 14-year-old girl, was found to be at her old home in Maryville.

The girl is the daughter of Grant Borchers, who at one time lived in Maryville but is now in Kansas City, Kan. She was employed at the Swift packing plant and left her home Wednesday morning to go to her work. That was the last seen of her. The matter was reported to the police, but no clue could be found to the girl's whereabouts until she was located in Maryville Friday.

UNION SERVICES BEGIN SOON.

All Protestant Churches Join in Sunday Evening Meetings in Franklin School Yard.

The ministers of all the Protestant churches in Maryville will meet at 10:30 o'clock Monday morning in the Christian church to complete the plans for the outdoor Sunday evening union meetings this summer.

The meetings will be held this year in the Franklin school yard. A platform will be built, comfortable seats provided and electric wiring installed. Last year the Methodist and Presbyterian churches conducted Sunday evening meetings in the court house yard, but this summer all the churches will unite in these meetings. They will begin as soon as the arrangements can be completed.

DIED AT CLEARMONT.

Funeral of Mrs. Bailey to Be Held Sunday Afternoon.

The funeral services of Mrs. Irvin Bailey of Clearmont, who died Thursday afternoon at 2 o'clock at her home in Clearmont, will be held Sunday afternoon at the Clearmont Christian church, conducted by the Rev. R. S. Scandler, pastor.

Mrs. Bailey was 28 years old. Death was due to peritonitis, with which she had been ill only a short time. She is survived by her husband, a daughter, Vera, 4 years old; her mother, Mrs. Mary Baker of Clarinda; a brother, Albert Hagey of Clearmont, and two sisters, Miss Nellie Hagey and Miss Lola Baker.

Clarinda Guest Arrives.

Mrs. Orloff Clark of Clarinda arrived in Maryville at noon Thursday to visit with Mr. Clark's parents, Mr. and Mrs. A. T. Clark, and her mother, Mrs. Ida Holladay.

THE WEATHER

Unsettled tonight and Saturday; probably local showers; not much change in temperature.

FALLING HAIR AND ITCHING SCALP

Needless—Use Parisian Sage.
Now that Parisian Sage can be had at any drug counter it is certainly needless to have thin, brittle, matted, stringy or faded hair. No matter how unsightly the hair, how badly it is falling, or how much dandruff, Parisian Sage is all that is needed. Frequent applications and well rubbed into the scalp will do wonders—it acts like magic. The hair roots are nourished and stimulated to grow new hair, itching scalp, dandruff and falling hair cease—your head feels fine. Best of all, the hair becomes soft, fluffy, abundant and radiant with life and beauty.

You will be surprised and delighted with Parisian Sage. Try at least one fifty-cent bottle from T. J. Parle. He will refund the purchase price if you are not satisfied.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots—How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.

PEACE AGENTS IN AGREEMENT

Get Together on Question of Transfer of Authority.

HUERTA TO HAVE NO PART

At Conclusion of Meeting of South American Plenipotentiaries and Mexican and American Delegates, Latter Say Practically One on Point.

Niagara Falls, June 12.—A full conference of the mediating plenipotentiaries and American and Mexican delegates was held. At the conclusion the American delegates announced there was a substantial agreement in relation to the transfer of authority in Mexico City.

The agreement which has arisen between the delegates and the mediators over the method of choosing the provisional president closed an incident which has brought the proceedings almost to the breaking point.

This important point in the plans for the pacification of Mexico was gained by the United States through the conciliatory spirit displayed by the Mexican delegation.

It was agreed that the transfer of authority from the present administration to the new provisional government should be accomplished in some other way than by General Huerta's appointment of a minister of foreign affairs, who would succeed to the provisional presidency.

Carranza to Appoint Delegates.

Saltillo, Mexico, June 12.—General Carranza announced that he returned an answer to the note of the Niagara Falls mediators stating that he would appoint representatives to the conference at Niagara Falls. The names of the representatives were not made public. The note simply gave assurances that the Constitutionalists would be represented and did not mention conditions on which they would take part. It was announced, however, that agreement to attend the conference would not serve to check the campaign against the federals and the advance to the south will be continued with vigor.

WILSON SENDS LETTER

President Lauds Salvationists For Philanthropic Work.

Washington, June 12.—President Wilson's message to the Salvation Army convention in London, read there by General Booth, was as follows:

"Sympathizing with the Salvation Army in its efforts to succor the weak and erring, I desire on this occasion of the gathering at London of its representatives from all parts of the world to give expression to my good will towards the organization and to my recognition of the great good that has resulted from its philanthropic work.

"The American people are deeply distressed that your meeting opens under the shadow of a great grief in the tragic death of so many of your brave fellow members, and I express in behalf of my fellow citizens and my own name sincere and heartfelt sympathy."

OVERSEA FLIER MOTO S FIT

Equipment For the Wanamaker Plane Stands Test.

Hammondsport, N. Y., June 12.—The two 100 horse power motors for Rodman Wanamaker's transatlantic flier have run thirty consecutive hours without missing a stroke. This was the final test for the motors before they are installed in the Wanamaker sea plane. Lieutenant J. C. Porte expects to be making trial flights with the transatlantic machine over Lake Reuka next week.

The battle is considered already one-third won. The motors have run ten hours longer than is considered necessary for transatlantic flights.

KANSAS WARS O. S. IN FOODS

"Most Are Fakes and Some Dangerous," Asserts Inspector.

Topeka, June 12.—War on injurious skin foods, complexion preparations and complexion rejuvenators that are on the markets in Kansas has been started by the state board of health. "Most of them are fakes," said L. A. Congdon, chief food and drug inspector. He glanced over a long list of preparations of which the board has made analyses.

"Some are really dangerous to the skin and health," he added.

New Mexico Town Washed Away.

Albuquerque, N. M., June 12.—Hillsboro, in the southwest corner of New Mexico, practically was destroyed by a flood which swept through the principal business section. A continued rain, which had swollen mountain streams, was followed by a cloudburst, which sent a wall of water six feet high foaming through the town. Most of the 800 inhabitants had been warned and those living in the lower part of the town had sought safety on the hill sides. Thomas Murphy, a pioneer resident and first sheriff of the county, is missing, and is believed to have been drowned.

Degree of Honor Picks St. Louis.

St. Louis, Mo., June 12.—Delegates to the national convention of the Degree of Honor selected St. Louis as the next gathering place of the convention.

SENATE PASSES REPEAL BILL

Amended Measure Wins by 50 to 35 Votes.

STORMY SESSION QUIETS DOWN

Two Members Nearly Come to Blows, Showing Deep Feeling Aroused. Passage of Proposed Law Regarded as Victory for President.

Washington, June 12.—The senate passed the bill for repeal of Panama tolls exemption for American coastwise shipping by a vote of 50 to 35.

The measure now goes back to the house, which is expected to accept the Simmons-Norris amendment, specifically reserving all rights the United States may have under the Hay-Pauncefote treaty.

The passage of the bill, after a bitter struggle that has lasted for several months, was regarded as another victory for President Wilson. Although thirteen Republicans came to the aid of the Democrats who voted for the bill on final passage, the president initiated the movement in his party for repeal and it was behind him that many of the Democrats who voted "aye" lined up on the last test.

Veto Not Threatened.

There has been no certain promise from the White House that the president will sign the bill with its qualifying amendments, but there has been no declaration that he will veto it, and party leaders in the senate were practically certain that its approval, as amended, by the house will lead to the last favorable action by the president.

Eleven Democrats, led by Senator O'Gorman, fought consistently to the end, and even an hour before the last vote was taken they did not abandon their efforts to amend the bill to meet their view of the manner in which American rights in the canal and American rights to exempt coastwise shipping from toll payments should be guarded. Although all sorts of amendments were voted down by majorities that never fell below twelve, and on one occasion went as high as fifty-five, the minority Democrats kept up the fight to the end.

Vote Taken Quietly.

The senate was weary with its long grind of debate and by the time Vice President Marshall put the question for the passage of the bill the oratory had died down, the chamber was quiet and the vote was taken with but little excitement.

Earlier there was an outbreak among Democrats which showed more plainly than anything which has gone before the deep feeling that has been aroused by this bill.

Sensors Vandaman (Miss.) and West (Ga.) came near to blows, creating a scene such as had not been witnessed on the floor in many years.

The bill probably will be sent over to the house today and can be taken up at once, if house leaders desire. With the senate amendment it is a subject for conference if leaders on the house side insist upon one, but it can be finally disposed of immediately so far as congress is concerned if the house accepts the senate amendment and agrees to the bill as sent them from the senate side. A conference would delay final approval by congress, but it is not expected that the measure would be kept in conference more than a few days. The evident temper of the senate to defeat the bill unless amended is expected to have weight with the house, and the Democrats, anxious to put an end to the matter as soon as possible, are expected to demand early action.

CORN PRODUCTS SUIT

Standard Oil Men Made Millions in Forming Company.

New York, June 12.—Documentary evidence was produced before Special Examiner Phillips in the United States district court to show that William Rockefeller, John D. Archbold, the late H. H. Rogers and E. T. Bedford made a handsome profit through the formation of the Corn Products Refining company, which the government regards as a combination in violation of the Sherman law.

The government has brought a civil action under the Sherman law to dissolve the company and its many subsidiaries into separate units, under the theory that the combination controls 66 per cent of the entire production of starch and glucose made from corn and 80 per cent of the interstate trade in mixed syrups.

Rockefeller and the other members of the Standard Oil group made millions of dollars, according to the government, by selling to the Corn Products Refining company the majority stock of the old New York Glucose company.

U. S. Seeking For Canteloupe Trust.

Chicago, June 12.—The government began the search for a canteloupe trust by summoning numerous commission merchants to testify before the grand jury relative to an alleged close control of the crop.

Aviator Falls to Death.

Richmond, Ind., June 12.—J. O. Gill, an aeronaut, was killed when his parachute failed to open. He fell 2,000 feet. Several thousand people saw the accident.

COBURNS TO BE HERE JUNE 15.

Will Give Shakespeare's "Taming of The Shrew" at Matinee On Monday.

The Coburn Players will give Shakespeare's comedy, "The Taming of the Shrew," at the opening performance here at 3:30 o'clock Monday afternoon, June 15. The open air theatre just west of the Normal building is being prepared for the Coburns, and unless rain interferes the plays will be given there. If rain does prevent the giving of the play out of doors the auditorium will be used.

"The Taming of the Shrew" is not entirely a play of Shakespeare's invention. It is the revision of an old play of the same name, improved in construction, developed into real poetry, and enlivened by real touches of wit and humor. The names were changed, the scene shifted from Athens to Padua, and many new touches were added to the scenes between Petruchio and Katherina, while the depth of the counterplot was considerably increased, adding a new interest to the interweaving of the courtships of the two sisters. The character of Petruchio was greatly improved, for old Petruchio had stamped about the stage with a great whip in his hand to tame the shrew; Shakespeare's Petruchio uses the more subtle, but just as effective weapon, his spirit.

The adaptation of the story as Shakespeare revised it, appeared first in the folio in 1623, though it is supposed that a quarto edition had been put out about 1607 or 1609.

Mr. Coburn will play the part of Petruchio and Mrs. Coburn that of Katherina.

NO ENCAMPMENT THIS SUMMER.

Adjutant General Gives Up the National Guard Meeting.

Adj. General John B. O'Meara has abandoned all idea of a summer encampment of the Missouri National Guard. He reached this conclusion today after a conference with Attorney General Barker over a mandamus suit the latter filed some time ago against the Missouri, Kansas & Texas Railroad company to compel the railway to transport members of the national guard at one cent a mile, as provided in a special statute. The railroad refused to grant this rate and the other railroads all have assumed the same position.

Last year the roads all refused to grant a 1-cent a mile rate and charged two cents a mile.

The government pays the railroad fare of the guardsmen who attend the annual encampment, but last year it refused to pay more than the statutory rate and the bill has not yet been paid.

Miss Neva Templeton went to St. Joseph Thursday to spend several days visiting.

FOR SUMMER BASE BALL

Three Team League Organized at the State Normal School.

A three team base ball league was organized at the Normal school last night for the purpose of playing during the summer quarter.

The captains were chosen by Coach L. M. Eek, from the school first team, Dyer, Ham and Richards being at the head of the squads.

Each team has a good line-up and some good baseball is assured. The first game of the season will be played on tomorrow evening when Captain Ham's aggregation meets Captain Dyer's athletes.

Two games each week will be played, and a complete schedule will be published later.

The line-ups of the different teams are as follows: The Grizzlies, Captain Dyer, Wogan, Bird, Vaughn, tain, Dyer, Wogan, Bird, Vaughn, Powell, Lewis, Gillis, Campbell, J. B. Smith, Richeson, and Judy.

The Athletes, Captain Ham, Adams, Alley, Breit, Howery, Quinn, Hosman, Riley, C. Myers, Powers, and M. Allison.

The Giants, Captain Richards, Wilson, R. Allison, Webb, Bowen, McCampbell, Burr, Palmer, J. M. Smith and James.

Miss Bertha Northcutt, one of the Central high school teachers, will leave this week for Columbia to attend the state university during the summer.

Miss Edna Martin, of King City, arrived in Maryville Wednesday night to attend the graduation of her cousin, Miss Marie Grundy.

CLUBWOMEN CHEER THEIR COUNTRYMEN

Tribute to Other Sex Stirs Enthusiasm at Federation Meet.

Chicago, June 12.—At the meeting of the General Federation of Women's clubs 3,000 delegates cheered the American men as "the greatest blessing to womankind."

The tribute to the nation's breadwinners that aroused the applause of the women was delivered by Mrs. Percy V. Pennybacker, president of the federation.

"My friends," Mrs. Pennybacker said, "think what a splendid thing it is for us that we have the club husbands. Think of the sympathy they have given us in our work. What a wonderful blessing to us is the American man."

Although dealt a stinging blow in their battle for recognition by the federation, suffrage advocates were still hopeful of ultimate victory. The setback came in the unanimous adoption of the report of the committee on rules, which gives to the committee the same arbitrary powers conferred on it years ago at San Francisco.

Under this rule debate will not be permitted on any resolution offered until it has been referred to the committee and then reported to the convention. The suffragists, however, after a poll of committees were hopeful of favorable action by that committee.

MUST PAY FOR DAMAGE DONE

Subscribers to Militant Funds Responsible For Property Destroyed.

London, June 12.—Reginald McKenna, the home secretary, announced in the house of commons that he hoped the government had obtained sufficient evidence to enable it to bring suit against subscribers to the funds of the militant suffragette organization. He added further hope that the government would be able to make the subscribers liable for the full extent of the damage done by "arson squads," destroyers of mail and picture slanders. The announcement was made in response to bitter criticism of the inactivity of the government against what Lord Robert Cecil described as "nothing less than anarchy," for which, in his opinion, the only real remedy was deportation.

HOLDS BABY IN HIS TEETH

Reading Man Risks Life to Rescue Child From Bridge Stringers.

Reading, Pa., June 12.—Holding a two-year-old child in his teeth by her dress, Stephano Circe li bore her to a place of safety from the high bridge of the slag dump of the old Empire furnace here, while a gaping crowd watched the rescue 100 feet below.

The child had crawled out on the bridge and clung there seemingly paralyzed with fear. The parents were unable to reach their little one and they stood below shouting advice to the unheeding child. The parents hugged and kissed Circe li after the rescue.

Grain Louse on Wheat Not Serious.

By Leonard Haseman

The common grain louse is now coming in for its share of attention along with the army worm, the chinch bug and the Hessian fly. It is a small green or yellowish-green louse which collects in the heads of wheat. The mature louse has wings. It attacks wheat by sucking the sap. In some localities it is very abundant and may injure the late wheat. Injury to ripening wheat is usually quite slight even though the pest may be abundant. This is not the much dreaded green bug which comes early in the spring and which attacks the stems and leaves of wheat completely killing the plant.

The grain louse develops very rapidly and when the weather is favorable for its development and unfavorable for its enemies, it is able to do considerable damage to wheat.

The past spring has been a favorable one for the grain louse and as a result the Missouri College of Agriculture is receiving samples from many sections of the state with requests for information as to its identity and means of control.

There is nothing that can be done to control this pest at this time. Spraying might help but it is too expensive to carry out on a large scale in the wheat field. Unless the weather in the next week or two be unusual, the parasites, lady beetles and other enemies of the lice will develop rapidly and destroy them. Judging from the samples which the Missouri College of Agriculture has received, these enemies of the lice are already at work throughout the state and once they begin to attack this pest they soon control it. There is probably little need to fear the grain louse unless it be extremely abundant on wheat which is already suffering from dry weather.

29 ARE GRADUATED

SEVENTEEN GIRLS AND TWELVE BOYS FINISH HIGH SCHOOL.

IS THE LARGEST CLASS

Address is Delivered by the Rev. E. Comble Smith of Kansas City.

The largest class in the history of the Maryville high school was graduated last night, when the twenty-eighth annual commencement exercises were held in the First Methodist church. There were twenty-nine members in the class, seventeen girls and twelve boys. The Rev. E. Comble Smith, D. D., pastor of the Linwood Boulevard Methodist church of Kansas City, delivered the class address, after which Prof. C. A. Hawkins presented the members of the class with their diplomas.

The Rev. Mr. Smith made an excellent address. He announced no subject, but he gave the members of the class good advice as to what they had a right to expect from the world and what their part in society should be.

Get a University Education.

First he said that he hoped they would not be lured by the world's industry; by all means they should go on with their schooling and receive the benefits of a higher education. Then they will have a right to look to the world's greatest masters of the fine arts, science, and learned professions as examples of what they may become and to set an equally high goal for themselves. For, he continued, the world's movements have been put into motion by single individuals rather than organizations of persons.

"The greatest factor in the world is the personal factor," said Mr. Smith.

He then went on to say that because we saw these great men fall in something we must not take a pessimistic attitude. Their failures are gradually due to some mistake made through selfishness or greed, and we must take care not to do the same. If we cannot become one of the leaders of our lives are none the less valuable.

The Average Man is Indispensable.

"Some men must lead the world's armies, but the victories are won by the common soldiers."

"I am trying to magnify mediocrity," the speaker said. "I am trying to emphasize the fact that any task, however small and humble, is a sublime task and worthy of the angels."

Mr. Smith then spoke of the two kinds of perfection which it is possible to attain; the perfection that is of itself an isolated perfection that does not help society, and the perfection of the individual as a part of society, a perfection that is not complete unless the individual takes his part in society. He closed the address by saying that the United States offered the best field for a life work that could be found in the world.

The auditorium of the church was filled when the seniors, in their gray caps and gowns, marched to their seats. The rostrum was decorated with ferns and red roses, a rose motto reading "Class of 1914" extending across the front of the platform. After the invocation by the Rev. Lewis M. Hale, Mrs. F. P. Robinson and the Rev. Gilbert S. Cox sang a solo. The Rev. S. D. Harkness closed the exercises with a benediction.

The members of the class are Edith Anderson, Anna Bartram, George M. Crowson, Roy David, Edna Deitz, Blanche Daise, Nina Evans, Meriem Holt, Francis Hahn, Jackson Holt, Clement Hahn, Anna Halasey, Juno Jones, Abner Johnson, Hene Kemp, Annetta Loranee, Janette Mutz, Ora LeGrande, Ruth Moore, Esther Roberts, Ora Quinn, Harold Ramsey, John Scowden, Lee Strickler, Paul Willson, Lola Wright, Marie Grundy, Edward Gorman and John H. Murray.

To Visit in Maryville.

Miss Mae French, who has been employed this spring at Bloomfield, Mo., will arrive in Maryville Sunday to visit her mother, Mrs. M. A. Martin. She will be accompanied by her nephew, Pierce Lippman, the young son of Mr. and Mrs. Edward Lippman of St. Louis.

Mrs. Lewis at Hospital.

John Lewis of Ravenwood came to Maryville Thursday evening, bringing Mrs. Lewis to the city for treatment. Mrs. Lewis underwent an operation Friday morning at St. Francis hospital.

Pres. Richardson Goes to Chillicothe.

President Ira Richardson will leave tonight for Chillicothe, Mo., to deliver the address at the commencement exercises of a rural school.

COMPANY F WINS.

Company F Won the Challenged Game With the All Stars Thursday in Seven Innings 3 to 2.

Company F won the fastest game of base ball that has been staged on the local diamond this season in seven innings. This was a challenged game between the company and the All Stars. The game was called at the end of the seventh inning on account of rain.

Ham of the Normal, who pitched for the All Stars, is credited with five strikeouts and passed three men to first on balls. Alley of the company is credited with eleven strikeouts and one free pass. The All Stars are credited with three hits and the company with four. Each team is credited with making three errors.

The All Stars started the first frame with two scores, and Palmer of the company knocked a two-base hit in the first inning and it looked for a time as if the company would score, but they were unable to make the round until the last part of the fourth inning, when Mayes landed the pill for three bases with Rissler on first, scoring Rissler. Still singled and Mayes scored. The company team made the winning score in the last of the sixth, when Palmer made a clean hit for one base and completed the circuit assisted by the overthrows on bases that followed by the All Stars.

The lineups were as follows:
All Stars—Miller, Jans, Dyer, H. Scott, L. Crowder, Ham, Padgett, Bird and Crowder.

Company F—Bowen, Howey, Palmer, Rissler, Webb, Mayes, Still, Alley and McKenzie.

Score by innings:

JAMES B. DUNCAN DEAD.

Eldest Son of Prof. and Mrs. B. F. Duncan of This City Died Thursday Night.

James B. Duncan, the son of Prof. and Mrs. B. F. Duncan of this city, died at 8 o'clock Thursday night at his home in Kansas City.

Prof. and Mrs. Duncan left Friday morning for Kansas City to attend the funeral services, which will be held there. A brother of the deceased, John M. Duncan of Kansas City, and a sister, Mrs. Sylvester Dooley of Clarinda, were with their brother at the time of his death. Another sister, Mrs. Eva Wait of Tulsa, Okla., will arrive in Kansas City Friday noon.

Mr. Duncan had been very ill for some time, and his death was not unexpected. He contracted the malady which terminated fatally Thursday while engaged as counsel for a syndicate building the Buenos Aires & Pacific railway up the Laplata river. After a partial recovery from a severe attack of tropical fever and finding the climate of Argentina bad, Mr. Duncan returned to the States about the middle of August, since which time he had been under the care of physicians until his death.

Mr. Duncan was 45 years old. He was born at New Liberty, Ky., and came to this city with his parents when quite a boy. He graduated from the high school and from the Maryville seminary. Later he attended the state university at Columbia and graduated from the law department. He then went to Carrollton, Ky., near the place of his birth, and took up the practice of law, remaining there until his return to Missouri, a few years ago, since which time he practiced at Kansas City until he became connected with the South American enterprise.

While at Carrollton, Mr. Duncan was married to Miss Virginia Hamilton, a southern woman of high culture and manner, who survives him. Beside the widow, the parents, two sisters and one brother are the surviving family. The death of the eldest son makes a very sad break in the family circle. Mr. Duncan was a brilliant student, and coupled with the keen mind was a genial nature that made many friends for him. Among the crowd in which he grew to manhood in Maryville are many sincere friends who feel a deep sorrow at his death.

To Look After Wheat Fields.

John L. Loranee left Friday morning for Harwood, Vernon county, Mo., where he will remain until after harvest. Mr. Loranee owns a large acreage near Harwood that is entirely in wheat and the harvest will be unusually good this year.

Brotherhood Meeting Postponed.

The meeting of the Pickering Brotherhood arranged for Sunday has been indefinitely postponed. A splendid program had been prepared and it will be given at a later date.

Mr. and Mrs. Sam Lutz of Pickering were visitors in the city Thursday.

A 3-4 INCH RAIN

WEDNESDAY'S FALL IN MARYVILLE WAS THAT MUCH.

RECORD SINCE 1895

Comparison of Precipitation During Six Growing Months—Sixteen Years Below Normal.

Three-fourths of an inch of rain fell in Maryville yesterday, according to the measurements of J. R. Brink, United States weather observer.

Because of the many requests concerning the comparative rainfall of past years, Mr. Brink has compiled the following tables for the six growing months, March, April and May, June, July and August. The two tables give respectively the precipitation for the spring and summer months. The record was not begun until August, 1894, when 12 of an inch of rain fell, but beginning with the next year the record is:

BIG WHEAT CROPS

HESSIAN FLY DID NOT DAMAGE GRAIN SO MUCH AS FEARED.

FORTY BUSHEL YIELDS

Wells Brothers, Near Skidmore, Prepare to Harvest More Than 300 Acres.

The outlook for a wheat crop in Nodaway county is not so bad as was expected. Although the Hessian fly did great damage in some parts of the county and the wheat was reported to be in the worst condition of any in the state, the crop gives evidence of being a good one after all.

The present favorable condition is due to the prompt action which the farmers took to kill the pest. They went to the agricultural department of the Normal and sent for experts from the University of Missouri to give them advice as to how to rid themselves of the fly. By following the directions given them they were able to prevent the rapid spread of the pest which was just beginning; the few light rains have helped some, and now the farmers are beginning to bring in reports of wheat that will make forty bushels to the acre.

The Wells brothers, who are farming 1,420 acres of land east of Skidmore, are making the most extensive plans for the wheat harvest of which any word has been received. They have more than 300 acres in wheat, which they think will average forty bushels to the acre. In order to harvest it they have purchased three new binders, and an expert will be sent from the factory to set them up and get the work started. He also will bring a motion picture man with him to photograph the binders at work in the fields.

Another field of wheat which will be harvested next week and which gives promise of a good crop is that on the farm of A. Collins, near Skidmore. The east part of this field was damaged by the hail storm last week, but the rest is in good condition. It is the beardless variety.

GIVES TREES FOR COURT YARD.

E. Kuster Offers Four Ornamental Spruces to Add to Decorations of the Square.

E. Kuster, who lives four miles east of Quitman, has offered four mountain spruce evergreens to the county for the purpose of decorating the court house yard. The trees are from a shipment he received some time ago from Pennsylvania and planted on his farm. They will not be ready to transplant until late in the fall, but at that time he will bring them to Maryville and plant them in the court yard.

Mr. Kuster brought a branch of the tree to The Democrat-Forum office, where it may be seen.

REORGANIZE S. S. BALL LEAGUE.

Meeting in Christian Church at 2:30 o'clock Sunday to Arrange Summer Schedule.

Representatives from each of the Maryville churches and Harmony church will meet in the Christian church at 2:30 o'clock Sunday afternoon to reorganize the Sunday school base ball league.

The complete rules of the league will be worked out at the meeting, but the following rule has already been decided upon, that each player in order to be eligible in any game must have attended Sunday school two of the three immediately preceding Sundays. If possible two games will be played each week at Riffe's ball park.

Mr. and Mrs. J. H. Aiken of Pickering spent the day Thursday visiting in Maryville.

BLUE GRASS CROP WORTH \$10,000.

Thirty-Four Machines Harvesting Seed Near Quitman—Expert Says It's Better Than Kentucky Output.

The annual harvesting of blue grass seed on the Bilby ranches and other farms near Quitman has begun. It is estimated that the crop this year will be worth \$10,000. Thirty-four machines are at work stripping the grass, and W. C. Daniel of Winchester, Ky., who is in charge of the work, says that better seed is being raised around Quitman than is grown in Kentucky, made famous for her blue grass.

HOPKINS MAN TO ROSWELL H. S.

Harry McIntyre Elected Principal at Salary of \$1,500—A Good School Record.

Harry McIntyre of Hopkins has just been elected to the principalship of the Roswell, N. M., high school at a salary of \$1,500 a year. Roswell is a city of 10,000 persons, and the high school is a large one, having an enrollment of 600.

Mr. McIntyre has been brought up in Hopkins and has made an excellent record all through his school career. In 1911 he was graduated from the University of Missouri with an A. B. degree. During the next two years he was principal of the Chillicothe high school. Last year he returned to the University of Missouri to study for his master's degree, which he took this June. He spent this last year in the university as a holder of a scholarship in mathematics, and he was a member of the Sigma Xi and Phi Delta Kappa, honorary fraternities in science and education, admission to which is made on the basis of scholarship.

CLARY WILL BUILD BRIDGE.

Nodaway County Highway Engineer Appointed by Three Courts to Engineer New \$3,000 Structure.

The county courts of Andrew, Holt and Nodaway counties met Thursday at the Nodaway river, five miles south of Graham, and decided to construct a bridge across that river. The bridge will be a steel structure 110 feet long, and will be constructed at a cost of \$3,000. The cost will be divided equally between the three counties.

John Clary, county highway engineer of Nodaway county, was appointed by the three counties to engineer the construction of the new bridge. It will be erected some time next fall.

The county court at its May term ordered the opening of a new road to the proposed site of the new bridge for a distance of a mile and a half. By opening this new road and constructing the bridge, persons who before have been compelled to drive a distance of from five to ten miles out of their way in order to find a crossing will be able to save much time and trouble in traveling from one county to the other.

Webster Grove Teacher Here.

Miss Sebee Rowley, a teacher in the public school of Webster Grove, Mo., arrived in Maryville Thursday night to visit her brother, Burt Rowley, and family and to attend the Normal during the summer. She was accompanied by her nephew, Forrest Rowley, who will spend the summer with his uncle, Sylvester Massie, north of the city.

Mrs. S. E. Johnson of St. Joseph came to Maryville Thursday to witness the graduation of her son, Abner Johnson, of the high school class.

ANNOUNCE HONORS

GEORGE CROWSON BEST STUDENT OF GRADUATING CLASS.

THE PLAY IS A SUCCESS

Roy David, Senior President, Presents Statue of Washington to the High School.

George Crowson, with an average grade of 96 per cent in class work, won the first honors in the graduating class of 1914 of the high school, and Miss Frances Hahn, with a grade a trifle less, won second place.

The class for this spring was the largest ever graduated from the school, and some very fine records were made in class work by many of the students.

Crowson, the winner of first is a son of Dr. and Mrs. E. L. Crowson of Pickering and entered the high school two years ago, after finishing the grades at Pickering.

Miss Hahn is a Maryville girl, the daughter of Mr. and Mrs. M. A. Hahn of North avenue, and has been a student in the school from the primary grade up.

The class play, "A Perplexing Situation," given Thursday afternoon, was praised very much by every one who attended. The roles were taken by members of the senior class, and the entire cast performed with a perfection of acting extremely creditable to students. The musical numbers were equally pleasing and well given. After the completion of the program Roy David, class president, presented to the high school a handsome statue of George Washington, a gift of the graduating class.

ANNA BORCHERS NOT LOST.

Girl Reported Missing in Kansas City, Kas., is Here at Her Old Home.

After a supposed mysterious disappearance which puzzled the police of Kansas City, Kan., Thursday, Anna Borchers, a 14-year-old girl, was found to be at her old home in Maryville.

The girl is the daughter of Grant Borchers, who at one time lived in Maryville but is now in Kansas City, Kan. She was employed at the Swift packing plant and left her home Wednesday morning to go to her work. That was the last seen of her. The matter was reported to the police, but no clue could be found to the girl's whereabouts until she was located in Maryville Friday.

UNION SERVICES BEGIN SOON.

All Protestant Churches Join in Sunday Evening Meetings in Franklin School Yard.

The ministers of all the Protestant churches in Maryville will meet at 10:30 o'clock Monday morning in the Christian church to complete the plans for the outdoor Sunday evening union meetings this summer.

The meetings will be held this year in the Franklin school yard. A platform will be built, comfortable seats provided and electric wiring installed. Last year the Methodist and Presbyterian churches conducted Sunday evening meetings in the court house yard, but this summer all the churches will unite in these meetings. They will begin as soon as the arrangements can be completed.

DIED AT CLEARMONT.

Funeral of Mrs. Bailey to Be Held Sunday Afternoon.

The funeral services of Mrs. Irvin Bailey of Clearmont, who died Thursday afternoon at 2 o'clock at her home in Clearmont, will be held Sunday afternoon at the Clearmont Christian church, conducted by the Rev. R. S. Scandler, pastor.

Mrs. Bailey was 28 years old. Death was due to peritonitis, with which she had been ill only a short time. She is survived by her husband, a daughter, Vera, 4 years old; her mother, Mrs. Mary Baker of Clarinda; a brother, Albert Hagey of Clearmont, and two sisters, Miss Nellie Hagey and Miss Lola Baker.

Clarinda Guest Arrives.

Mrs. Orloff Clark of Clarinda arrived in Maryville at noon Thursday to visit with Mr. Clark's parents, Mr. and Mrs. A. T. Clark, and her mother, Mrs. Ida Holladay.

THE WEATHER

Unsettled tonight and Saturday; probably local showers; not much change in temperature.

FALLING HAIR AND ITCHING SCALP

Needless—Use Parisian Sage.
Now that Parisian Sage can be had at any drug counter it is certainly needless to have thin, brittle, matted, stringy or faded hair. No matter how unsightly the hair, how badly it is falling, or how much dandruff, Parisian Sage is all that is needed. Frequent applications and well rubbed into the scalp will do wonders—it acts like magic. The hair roots are nourished and stimulated to grow new hair, itching scalp, dandruff and falling hair cease—your head feels fine. Best of all, the hair becomes soft, fluffy, abundant and radiant with life and beauty.

You will be surprised and delighted with Parisian Sage. Try at least one fifty-cent bottle from T. J. Parle. He will refund the purchase price if you are not satisfied.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots—How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.

PEACE AGENTS IN AGREEMENT

Get Together on Question of Transfer of Authority.

HUERTA TO HAVE NO PART

At Conclusion of Meeting of South American Plenipotentiaries and Mexican and American Delegates, Latter Say Practically One on Point.

Niagara Falls, June 12.—A full conference of the mediating plenipotentiaries and American and Mexican delegates was held. At the conclusion the American delegates announced there was a substantial agreement in relation to the transfer of authority in Mexico City.

The agreement which has arisen between the delegates and the mediators over the method of choosing the provisional president closed an incident which has brought the proceedings almost to the breaking point.

This important point in the plans for the pacification of Mexico was gained by the United States through the conciliatory spirit displayed by the Mexican delegation.

It was agreed that the transfer of authority from the present administration to the new provisional government should be accomplished in some other way than by General Huerta's appointment of a minister of foreign affairs, who would succeed to the provisional presidency.

Carrazza to Appoint Delegates.

Saltillo, Mexico, June 12.—General Carrazza announced that he returned an answer to the note of the Niagara Falls mediators stating that he would appoint representatives to the conference at Niagara Falls. The names of the representatives were not made public. The note simply gave assurances that the Constitutionalists would be represented and did not mention conditions on which they would take part. It was announced, however, that agreement to attend the conference would not serve to check the campaign against the federals and the advance to the south will be continued with vigor.

WILSON SENDS LETTER

President Lauds Salvationists for Philanthropic Work.

Washington, June 12.—President Wilson's message to the Salvation Army convention in London, read there by General Booth, was as follows: "Sympathizing with the Salvation Army in its efforts to succor the weak and erring, I desire on this occasion of the gathering at London of its representatives from all parts of the world to give expression to my good will towards the organization and to my recognition of the great good that has resulted from its philanthropic work."

"The American people are deeply distressed that your meeting opens under the shadow of a great grief in the tragic death of so many of your brave fellow members, and I express in behalf of my fellow citizens and my own name sincere and heartfelt sympathy."

OVERSEA FLIER MOTO S FIT

Equipment For the Wanamaker 'Plane Stands Test.

Hammondsport, N. Y., June 12.—The two 100 horse power motors for Rodman Wanamaker's transatlantic flier have run thirty consecutive hours without missing a stroke. This was the final test for the motors before they are installed in the Wanamaker sea plane. Lieutenant J. C. Porte expects to be making trial flights with the transatlantic machine over Lake Reuka next week.

The battle is considered already one-third won. The motors have run ten hours longer than is considered necessary for transatlantic flights.

KANSAS WARS ON S. IN FOODS

"Most Are Fakes and Some Dangerous," Asserts Inspector.

Topeka, June 12.—War on injurious skin foods, complexion preparations and complexion rejuvenators that are on the markets in Kansas has been started by the state board of health.

"Most of them are fakes," said L. A. Congdon, chief food and drug inspector. He glanced over a long list of preparations of which the board has made analyses.

"Some are really dangerous to the skin and health," he added.

New Mexico Town Washed Away.

Albuquerque, N. M., June 12.—Hillsboro, in the southwest corner of New Mexico, practically was destroyed by a flood which swept through the principal business section. A continued rain, which had swollen mountain streams, was followed by a cloudburst, which sent a wall of water six feet high foaming through the town. Most of the 800 inhabitants had been warned and those living in the lower part of the town had sought safety on the hill sides. Thomas Murphy, a pioneer resident and first sheriff of the county, is missing, and is believed to have been drowned.

Degree of Honor Picks St. Louis.

St. Louis City, La., June 12.—Delegates to the national convention of the Degree of Honor selected St. Louis as the next gathering place of the convention.

SENATE PASSES REPEAL BILL

Amended Measure Wins by 50 to 35 Votes.

STORMY SESSION QUIETS DOWN

Two Members Nearly Come to Blows, Showing Deep Feeling Aroused. Passage of Proposed Law Regarded as Victory for President.

Washington, June 12.—The senate passed the bill for repeal of Panama tolls exemption for American coastwise shipping by a vote of 50 to 35.

The measure now goes back to the house, which is expected to accept the Simmons-Norris amendment, specifically reserving all rights the United States may have under the Hay-Pauncefote treaty.

The passage of the bill, after a bitter struggle that has lasted for several months, was regarded as another victory for President Wilson. Although thirteen Republicans came to the aid of the Democrats who voted for the bill on final passage, the president initiated the movement in his party for repeal and it was behind him that many of the Democrats who voted "aye" lined up on the last test.

Veto Not Threatened.

There has been no certain promise from the White House that the president will sign the bill with its qualifying amendments, but there has been no declaration that he will veto it, and party leaders in the senate were practically certain that its approval, as amended, by the house will lead to the last favorable action by the president.

Eleven Democrats, led by Senator O'Gorman, fought consistently to the end, and even an hour before the last vote was taken they did not abandon their efforts to amend the bill to meet their view of the manner in which American rights in the canal and American rights to exempt coastwise shipping from toll payments should be guarded. Although all sorts of amendments were voted down by majorities that never fell below twelve, and on one occasion went as high as fifty-five, the minority Democrats kept up the fight to the end.

Veto Taken Quietly.

The senate was weary with its long grind of debate and by the time Vice President Marshall put the question for the passage of the bill the oratory had died down, the chamber was quiet and the vote was taken with but little excitement.

Earlier there was an outbreak among Democrats which showed more plainly than anything which has gone before the deep feeling that has been aroused by this bill.

Senators Vardaman (Miss.) and West (Ga.) came near to blows, creating a scene such as had not been witnessed on the floor in many years.

The bill probably will be sent over to the house today and can be taken up at once, if house leaders desire. With the senate amendment it is a subject for conference if leaders on the house side insist upon one, but it can be finally disposed of immediately so far as congress is concerned if the house accepts the senate amendment and agrees to the bill as sent them from the senate side. A conference would delay final approval by congress, but it is not expected that the measure would be kept in conference more than a few days. The evident temper of the senate to defeat the bill unless amended is expected to have weight with the house, and the Democrats, anxious to put an end to the matter as soon as possible, are expected to demand early action.

CORN PRODUCTS SUIT

Standard Oil Men Made Millions in Forming Company.

New York, June 12.—Documentary evidence was produced before Special Examiner Phillips in the United States district court to show that William Rockefeller, John D. Archbold, the late H. H. Rogers and E. T. Bedford made a handsome profit through the formation of the Corn Products Refining company, which the government regards as a combination in violation of the Sherman law.

The government has brought a civil action under the Sherman law to dissolve the company and its many subsidiaries into separate units, under the theory that the combination controls 66 per cent of the entire production of starch and glucose made from corn and 80 per cent of the interstate trade in mixed syrups.

Rockefeller and the other members of the Standard Oil group made millions of dollars, according to the government, by selling to the Corn Products Refining company the majority stock of the old New York Glucose company.

U. S. Seeking For Canteloupe Trust.

Chicago, June 12.—The government began the search for a canteloupe trust by summoning numerous commission merchants to testify before the grand jury relative to an alleged close control of the crop.

Aviator Falls to Death.

COBURNS TO BE HERE JUNE 15.

Will Give Shakespeare's "Taming of
The Shrew" at Matinee On
Monday.

The Coburn Players will give
Shakespeare's comedy, "The Taming
of the Shrew," at the opening per-
formance here at 3:30 o'clock Mon-
day afternoon, June 15. The open
air theatre just west of the Normal
building is being prepared for the
Coburns, and unless rain interferes
the plays will be given there. If
rain does prevent the giving of the
play out of doors the auditorium will
be used.

"The Taming of the Shrew" is not
entirely a play of Shakespeare's in-
vention. It is the revision of an old
play of the same name, improved in
construction, developed into real
poetry, and enlivened by real touches
of wit and humor. The names were
changed, the scene shifted from Ath-
ens to Padua, and many new touches
were added to the scenes between
Petruchio and Katherine, while the
depth of the counterplot was con-
siderably increased, adding a new
interest to the interweaving of the
courtships of the two sisters. The
character of Petruchio was greatly
improved, for old Petruchio had
stamped about the stage with a great
whip in his hand to tame the shrew;
Shakespeare's Petruchio uses the
more subtle, but just as effective
weapon, his spirit.

The adaption of the story as
Shakespeare revised it, appeared first
in the folio in 1623, though it is
supposed that a quarto edition had
been put out about 1607 or 1609.

Mr. Coburn will play the part of
Petruchio and Mrs. Coburn that of
Katherine.

NO ENCAMPMENT THIS SUMMER.

Adjutant General Gives Up the Na-
tional Guard Meeting.

Adjt. General John B. O'Meara has
abandoned all idea of a summer en-
campment of the Missouri National
Guard. He reached this conclusion
today after a conference with At-
torney General Barker over a man-
damus suit the latter filed some time
ago against the Missouri, Kansas &
Texas Railroad company to compel
the railway to transport members of
the national guard at one cent a
mile, as provided in a special sat-
ute. The railroad refused to grant
this rate and the other railroads all
have assumed the same position.

Last year the roads all refused
to grant a 1-cent a mile rate and
charged two cents a mile.

The government pays the railroad
fare of the guardsmen who attend
the annual encampment, but last
year it refused to pay more than the
statutory rate and the bill has not
yet been paid.

Miss Neva Templeton went to St.
Joseph Thursday to spend several days
visiting.

FOR SUMMER BASE BALL

Three Team League Organized at the

A three team base ball league was
organized at the Normal school last
night for the purpose of playing dur-
ing the summer quarter.

The captains were chosen by Coach
L. M. Eek, from the school first team,
Dyer, Ham and Richards being at
the head of the squads.

Each team has a good line-up and
some good baseball is assured. The
first game of the season will be
played on tomorrow evening when
Captain Ham's aggregation meets
Captain Dyer's athletes.

Two games each week will be
played, and a complete schedule will
be published later.

The line-ups of the different teams
are as follows: The Grizzlies, Cap-
tain Dyer, Wogan, Bird, Vaughn,
tain, Dyer, Wogan, Bird, Vaughn,
Powell, Lewis, Gillis, Campbell, J.
B. Smith, Richeson, and Judy.

The Athletes, Captain Ham,

Circle to Give Japanese Tea.

The Queen Esther Circle of the First Methodist church will hold a Japanese tea Saturday evening on the lawn of the R. S. Braniger home, 616 North Buchanan street. A public opening of the Circle mite boxes will also be given and every one is invited to attend.

To Compliment New Members.

At the meeting of the Royal Neighbors lodge Thursday afternoon two new members, Mrs. Guy Haller and Mrs. Al Drago, were received into the lodge. A luncheon was served in compliment to the new members, and two visiting members from the Skidmore lodge, Mrs. Robert Barrett and Mrs. Ed Hickman.

To Visit College Chum.

Miss Pauline Martin of St. Joseph is expected in Maryville the first of the week to visit Miss Esther Saunders of Pueblo, Col., a former classmate at Smith college, Northampton, Mass. Miss Martin is the daughter of Mr. and Mrs. B. R. Martin and she returns from Northampton Saturday morning. Miss Saunders is visiting in this city at the home of her grandfather, Joseph Jackson.

The Misses Mutt Entertain.

Misses Janette and Isora Mutt were hostesses Wednesday night to the King's Daughters, a class in the First Methodist Sunday school, taught by Miss LaRue Kemp. The hours were spent with informal entertainment and a delicious repast was served. The class includes about twenty members. Miss Marie Wells was a complimentary guest of the class Wednesday evening.

Huttons Leave Sunday.

Mr. and Mrs. W. J. Hutton and family will leave Sunday morning for Kearney, Neb., to make their home. The Huttons have made their home in Maryville for a number of years and they will be greatly missed by a wide circle of friends. Mr. Clyde Hutton and his sister, Nellie, have been popular members of the younger set, and their departure is much regretted by the entire bunch.

Lawn Dinner for Invalids.

Mrs. S. G. Sealeman gave a dinner Wednesday evening, entertaining in honor of her husband and Mr. and Mrs. F. M. Kinsella. Both Mr. Sealeman and Mr. Kinsella have been ill for months and unable to get about except by the aid of an invalid chair. Both are improving and enjoyed their first visit together since their illness, at the dinner Wednesday evening. The table was spread on the lawn and the evening spent out of doors.

Farewell of Miss Hutton.

Miss Nellie Hutton gave a farewell affair Thursday evening to a number of her friends, prior to her departure for Kearney, Neb., to live. The affair took the form of a movie party at the Empire to see Cecelia Loftus in "A Lady of Quality," and was followed by a cafe supper at Reuillard's. Miss Hutton's guests were Miss Helen Hudson of Norfolk, Neb.; Miss Elizabeth Leet, Miss Mary Louise Andrews, Miss Virginia Robinson, Miss Edna Beasley, Miss Mildred Bellows, Miss Mabel Curnutt, Miss Elfreida Linville and her guest, Miss Laveta Awalt of St. Joseph.

A Meet of Unusual Interest.

The June meeting of the Women's Missionary society of the First Presbyterian church, held Thursday afternoon at the Roy Curfman home, with Mrs. F. M. Petty as hostess, was replete with enjoyment and interest. The opening devotionals were led by Mrs. Gallatin Craig. Mrs. Joel B. Hayden of Baltimore, who is visiting her mother, Mrs. Petty, told of the customs, language, habits and personality of the Poles, gleaned by her in a year's residence in Poland, and also of the work done abroad and in Baltimore by Mr. Hayden, who is working with the

home mission board in that city, and herself. Mrs. S. D. Harkness gave equally as interesting a talk about the work of the women's boards in connection with the general assembly, presenting the subject in a way enjoyed by all. During the serving of luncheon, a grafanola musical program was given. Assisting Mrs. Petty as hostess were Mrs. W. H. Crawford, Mrs. John Gray and Mrs. Dick Hotchkiss. About forty members and visitors were present.

D. A. R. to Observe Flag Day.

The program arranged for the Flag Day observance of the D. A. R. to be held Saturday afternoon at the country home of Mrs. J. V. Embree, will make the anniversary very pleasant for the chapter. The roadway from the city to the Embree home is to be blazed with flags, and the entire celebration is significant of its name. Miss Ortil Heilig will read a paper relative to the proposed change in the flag, Mrs. Charles Bell will read a poem, the Declaration of Independence will be given by Mrs. D. J. Thomas. Miss Ailie Fraser will give the text of the flag law, Miss Mae Corwin a talk on "Our flag in Europe," and Mrs. E. G. O'rear will give an account of the Continental congress. This program will be interspersed with musical numbers.

Guests of the Montgomerys.

Miss Ruth Montgomery, who has been visiting at Evanston, Ill., and attending the graduation events of Northwestern university, will arrive some Saturday morning, accompanied by a former classmate at Northwestern, Miss Larrnet Sheets, who will be a guest at the Montgomery home several weeks. Mr. Ray Lamke of Evanston, who is also a guest of the Montgomerys, arrived in Maryville Friday noon.

CLUBWOMEN CHEER THEIR COUNTRYMEN

Tribute to Other Sex Stirs Enthusiasm at Federation Meet.

Chicago, June 12.—At the meeting of the General Federation of Women's clubs 3,000 delegates cheered the American men as "the greatest blessing to womankind."

The tribute to the nation's breadwinners that aroused the applause of the women was delivered by Mrs. Percy V. Pennybacker, president of the federation.

"My friends," Mrs. Pennybacker said, "think what a splendid thing it is for us that we have the club husbands. Think of the sympathy they have given us in our work. What a wonderful blessing to us is the American man."

Although dealt a stinging blow in their battle for recognition by the federation, suffrage advocates were still hopeful of ultimate victory. The setback came in the unanimous adoption of the report of the committee on rules, which gives to the committee the same arbitrary powers conferred on it years ago at San Francisco.

Under this rule debate will not be permitted on any resolution offered until it has been referred to the committee and then reported to the convention. The suffragists, however, after a poll of committees were hopeful of favorable action by that committee.

MUST PAY FOR DAMAGE DONE

Subscribers to Militant Funds Responsible For Property Destroyed.

London, June 12.—Reginald McKenna, the home secretary, announced in the house of commons that he hoped the government had obtained sufficient evidence to enable it to bring suit against subscribers to the funds of the militant suffragette organization. He added further hope that the government would be able to make the subscribers liable for the full extent of the damage done by "arson squads," destroyers of mail and picture slanders.

The announcement was made in response to bitter criticism of the inactivity of the government against what Lord Robert Cecil described as "nothing less than anarchy," for which, in his opinion, the only real remedy was deportation.

HOLDS BABY IN HIS TEETH

Reading Man Risks Life to Rescue Child From Bridge Stringers.

Reading, Pa., June 12.—Holding a two-year-old child in his teeth by her dress, Stephano Circe II bore her to a place of safety from the high bridge of the slag dump of the old Empire furnace here, while a gaping crowd watched the rescue 100 feet below.

The child had crawled out on the bridge and clung there seemingly paralyzed with fear. The parents were unable to reach their little one and they stood below shouting advice to the unheeding child. The parents hugged and kissed Circe II after the rescue.

Grain Louse on Wheat not Serious.

By Leonard Haseman

The common grain louse is now coming in for its share of attention along with the army worm, the chinch bug and the Hessian fly. It is a small green or yellowish-green louse which collects in the heads of wheat. The mature louse has wings. It attacks wheat by sucking the sap. In some localities it is very abundant and may injure the late wheat. Injury to ripening wheat is usually quite slight even though the pest may be abundant. This is not the much dreaded green bug which comes early in the spring and which attacks the stems and leaves of wheat completely killing the plant.

The grain louse develops very rapidly and when the weather is favorable for its development and unfavorable for its enemies, it is able to do considerable damage to wheat.

The past spring has been a favorable one for the grain louse and as a result the Missouri College of Agriculture is receiving samples from many sections of the state with requests for information as to its identity and means of control.

There is nothing that can be done to control this pest at this time. Spraying might help but it is too expensive to carry out on a large scale in the wheat field. Unless the weather in the next week or two be unusual, the parasites, lady beetles and other enemies of the lice will develop rapidly and destroy them. Judging from the samples which the Missouri College of Agriculture has received, these enemies of the lice are already at work throughout the state and once they begin to attack this pest they soon control it. There is probably little need to fear the grain louse unless it be extremely abundant on wheat which is already suffering from dry weather.
